

Compliance action taken for childcare provision

Ref: EY500690/4776834

Date: 19 May 2021

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-10 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 29 April 2021, the provider notified Ofsted of an incident that occurred where a child accessed bubble solution. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event likely to affect the suitability of the provider.

On 10 May 2021, we carried out an unannounced visit to the nursery. We found the provider was not meeting some of the requirements and had taken action to put this right.

We found that the provider had revised their risk assessments to prevent a reoccurrence of the incident notified to Ofsted. Also, staff involved in the incident were spoken with and reminded of how to follow effective risk assessments to ensure children are continually safeguarded.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to

bring about compliance with requirements on our website for a period of five years.
