

Complaint about childcare provision

Ref: EY363614/4813560

Date: 30 June 2021

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic. All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 16 June 2021, we received concerns that the provider was not meeting some of the requirements. On 29 June 2021, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. They had revised their process for managing allergies and intolerances that children may have and improved their understanding of referring allegations. We also found that the provider had not notified Ofsted of a significant event and we reminded the provider of the need to do so. The provider will be able to give parents further information about this. The provider is still with Ofsted.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints on our website for a period of five years.

For further information about the complaints process please view the [Concerns and complaints about childminders and childcare providers leaflet](#).
