

Compliance action taken for childcare provision

Ref: 2497261/4819881

Date: 5 July 2021

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic. All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 22 June 2021, the provider notified us of a serious accident. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events. On 23 June 2021, we received concerns about the same incident. On 1 July 2021, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 15 July 2021:

- maintain a written record of each time a medicine is administered to a child
- improve the written record of accidents to ensure that the detail of the injuries and treatment given are clear
- ensure that child protection agencies are notified of any serious accident or injury to a child in your care and act upon any advice from those agencies.

The provider responded appropriately to the actions raised. They had improved their procedures for the administration of medication and for recording accidental injuries. The provider understands the importance of notifying child protection agencies of any serious accidents or injuries to children in their care. We are satisfied the provider has met the

safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
