

## **Compliance action taken for childcare provision**

Ref: EY456168/4827630

Date: 6 July 2021

### **Summary of outcome**

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 1 July 2021, the provider notified us that a child had been left in the outdoor area without supervision. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider or any person who cares for or is in regular contact with, children on the premises.

On 6 July 2021, we carried out a regulatory visit. We found the provider had taken prompt action to ensure children are supervised effectively at all times. The provider had revisited their risk assessments and procedures for when children are in the outdoor area. They now ensure children are routinely counted as they come inside and staff check the playground before the door is locked. Children are counted again once inside the premises. All staff are aware of the procedures to follow. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
