

Complaint about childcare provision

Ref: EY537143/4770209

Date: 6 July 2021

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 29 March 2021, we received concerns that the provider was not meeting some of these requirements. On 9 April 2021, the provider also notified us of a breach regarding managing behaviour and child protection. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event.

On 10 June 2021, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider had conducted an internal investigation into the matter. Following this investigation, they put into a place a staff action plan. We also found that the provider had put appropriate arrangements in place so that all staff received safeguarding and managing behaviour training. The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints on our website for a period of five years.

For further information about the complaints process please view the [Concerns and complaints about childminders and childcare providers leaflet](#).
