

## **Compliance action taken for childcare provision**

Ref: EY548527/4813459

Date: 12 July 2021

### **Summary of outcome**

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulatory early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure that they put matters right.

On 15 June 2021, the provider notified us that a child with an allergy had been given the wrong food. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of such an instance.

On 7 July 2021, we carried out a regulatory visit. We found that the provider had already taken action to put this right. The provider had reviewed the procedures for serving food and drink and had re-trained all the staff on allergies and the updated procedures. We are satisfied that the provider is meeting the safeguarding and welfare requirements. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
