

## **Compliance action taken for childcare provision**

Ref: EY552638/4803603

Date: 28 June 2021

### **Summary of outcome**

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 2 June 2021, the provider notified us of a serious accident. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant events.

On 24 June 2021, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Actions needed by 15 July 2021:

- comply with health and safety requirements to ensure all activities and equipment are suitable for all children being cared for
- implement effective risk assessments to ensure the safety of children on the premises at all times
- secure knowledge and understanding of required assessments in identifying any gaps in children's development.

The provider has successfully completed the actions set. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our

responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
