

Complaint about childcare provision

Ref: 2522419/4820446

Date: 1 July 2021

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 24 June 2021, we received concerns that the provider was not meeting some of these requirements.

On 28 June 2021, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We have served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed by 16 July 2021:

- make sure staff are trained to understand the safeguarding policy and procedures and how to respond to possible signs of abuse in a timely and appropriate way.

We carried out a monitoring visit at the setting and are satisfied with the action the provider has taken. The provider remains registered with Ofsted.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints on our website for a period of five years.

For further information about the complaints process please view the [Concerns and complaints about childminders and childcare providers leaflet](#).
