

## **Compliance action taken for childcare provision**

Ref: EY493569/4833978

Date: 30 July 2021

### **Summary of outcome**

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 08 July 2021, we received concerns that the provider was not meeting some of these requirements.

On 23 July 2021 we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has taken disciplinary action against some staff. A meeting has been held with staff to discuss and ensure they understand their roles and responsibilities, with specific regard to the supervision of children and security of the premises. The provider has ensured that all staff fully understand the policies and procedures that they must implement all times, with specific regard to reporting concerns in relation to safeguarding. The provider has also risk assessed the environment and made changes to ensure children's safety and the security of the premises. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
