

Compliance action taken for childcare provision

Ref: EY254577/4849141

Date: 2 August 2021

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 23 July the provider notified us of a significant event that occurred at the setting where a child was able to leave the premises unsupervised. On 30 July 2021, we carried out an unannounced regulatory visit. We found that the provider had taken necessary to address the breach of requirements, including refreshing staff training and have since implemented additional risk assessments. The notification means that the provider met their legal responsibility as set out in the Early Years Foundation Stage to notify Ofsted of such instances.

The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
