

Compliance action taken for childcare provision

Ref: 129017/4738818

Date: 9 August 2021

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 9 March 2021, the provider notified us of a breach of the child protection requirement. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event. On 9 May 2021, we received a further notification.

On 22 April 2021 we conducted a telephone regulatory call. We found that the provider was not meeting some requirements but had taken action to put things right. For example, staff attended in house training regarding managing behaviour and safeguarding. We conducted a regulatory visit on 25 May 2021. We found that staff understand and follow safeguarding procedures. The provider also improved their knowledge and understanding of child protection procedures, and now fully understands their responsibilities. The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
