

## **Compliance action taken for childcare provision**

Ref: EY500476/4860871

Date: 26 August 2021

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 6 August 2021, we received concerns that the provider was not meeting some of these requirements. On the same day the provider notified of a significant incident.

The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 9 and 17 August 2021, we carried out regulatory telephone calls. We found the provider was not meeting some of the requirements, however, they took immediate action to amend their procedures to avoid this happening in the future. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
