- The management team value and understand the importance of working closely with parents. They use effective systems in place to obtain the necessary information required to help meet the needs of children. Regular feedback is obtained from parents about their views on the service provided.
- The management team recognise the importance of continuous improvement. There are robust systems in place to monitor staff performance and provide ongoing professional development opportunities. They place a clear focus on obtaining the views of children through discussion and observation and use this information to develop activities.
- The management team have a strong understanding of how to promote equality and diversity. They are confident in tackling any negative stereotypes and know about the importance of teaching children to respect their differences.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.
