

Compliance action taken for childcare provision

Ref: 257423/4797697

Date: 7 September 2021

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 26 May 2021, we received concerns that the provider was not meeting some of these requirements.

Between January 2021 and July 2021 attempts were made to obtain information to allow Ofsted to complete suitability checks on those individuals living and/or working on the premises.

We are taking steps to cancel the provider's registration. The provider has a right to object to our intention to take these steps.

The provider objected to us taking this step. Having read the provider's reasons for objecting to this step, we have decided not to proceed with cancellation and the provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to

bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
