

Compliance action taken for childcare provision

Ref: EY562246/4834903

Date: 13 September 2021

Summary of outcome

Our reference: 4834903/EY562246

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 26 July 2021, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be inadequate. The inspection report sets out the actions the provider was required to take to meet the requirements.

On 23 August 2021, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions raised at their last inspection. At the visit, we found out that the provider had improved recruitment processes to ensure that assistants working with children are suitably vetted to fulfil their roles and responsibilities. We also found out that the provider had improved their knowledge and understanding of the ratio requirement and therefore does not exceed this. In addition, the provider now keeps required documentation relating to adults who work directly with the children.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply

with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
