

Compliance action taken for childcare provision

Ref: 2638140/4838560

Date: 31 August 2021

Summary of outcome

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 13 July 2021 the provider notified us of a significant incident. The notification means that the provider met their legal responsibility as set out in the 'Statutory framework for the early years foundation stage' to notify Ofsted of significant incidents relating to children in their care. Following a telephone regulatory event we require the provider to take the action below within the timescales set out. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Action needed by 13 September 2021:

ensure staff have a complete understanding of their role as key person to help make sure every child's care is tailored to meet their individual needs.

Ofsted are satisfied with the provider's response to the action.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
