

Compliance action taken for childcare provision

Ref: 254221/4828972

Date: 1 October 2021

Summary of outcome

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 8 July 2021 the provider notified us of a safeguarding concern at the setting. The notification means that the provider met their legal responsibility as set out in the 'Statutory framework for the early years foundation stage' to notify Ofsted of significant events that may affect the ongoing suitability of the provider.

On 10 September 2021, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider now knows the correct procedures to follow in a similar event. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
