

Compliance action taken for childcare provision

Ref: EY555145/4870584

Date: 6 October 2021

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 16 September 2021, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be inadequate. The inspection report sets out the actions the provider was required to take to meet the requirements.

On 30 September 2021, we carried out a regulatory telephone call. The focus of the call was to check whether the provider had met the safeguarding and welfare actions, raised at their last inspection.

The setting have taken action by providing additional support to staff including training and reviewing the policies and procedures and how staff access these. They have improved the procedures to ensure that they have an accurate knowledge of who is on the premises at any given time. They have improved the partnerships with parents. We are satisfied with the action taken.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the

enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
