

Compliance action taken for childcare provision

Ref: EY473226/4887900

Date: 15 October 2021

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 7 September 2021 we received information to suggest that the provider is not meeting some of the requirements.

On 6 October 2021, we carried out a regulatory telephone call. We found the provider was not meeting the requirement in relation to changes that must be notified to Ofsted, particularly in relation to health. We have issued an action for the provider to take. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Action needed by 25 October 2021:

improve knowledge and understanding of the requirement to notify Ofsted, in a timely manner of any significant event which is likely to affect the suitability of the early years provider.

Ofsted has received an appropriate response to the action to demonstrate that requirements are now met.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
