

Inspection of Robert Browning Primary School

King and Queen Street, Walworth, London SE17 1DQ

Inspection dates: 28 and 29 September 2021

Overall effectiveness	Good
The quality of education	Good
Behaviour and attitudes	Good
Personal development	Good
Leadership and management	Good
Early years provision	Good
Previous inspection grade	Requires improvement

What is it like to attend this school?

Robert Browning is a friendly school. Staff and pupils know each other well and this creates a sense of belonging and trust. Pupils feel safe here and, although bullying rarely happens, they know staff will sort things out quickly if it does. Pupils take on responsibilities such as being members of the school council or as digital and sports leaders. They told inspectors about their pride in being role models when undertaking these responsibilities.

Staff expect pupils to work hard and behave well in lessons. Pupils concentrate and work sensibly with their friends. They enjoy opportunities to showcase their work; for example, working with a professional artist on a new local sculpture or performing at the Royal Festival Hall as part of the 'Splash' project.

Leaders have designed a new, ambitious and well-organised curriculum. Pupils achieve well in reading and mathematics across the school and in a broader variety of subjects in key stage 1. However, older pupils, who have not studied the new curriculum earlier in their time at Robert Browning, struggle more. Teachers do not always identify and address gaps in these pupils' knowledge. This means that misconceptions persist, and they find more complex work difficult.

What does the school do well and what does it need to do better?

Leaders promote the importance of reading and have clear expectations about how well pupils should read. Many pupils read fluently because staff have been trained effectively. Assessment is used appropriately to identify pupils who are falling behind in their reading and provide focused support. As a result, weaker readers show resilience and determination to read well, and their reading improves over time. However, in the early years, staff do not always give children sufficient opportunity to practise the new sounds they learn.

The new leadership team reviewed and updated the curriculum in 2019. The planned curriculum matches the scope and content of the national curriculum. Pupils started learning the revised curriculum in 2020 but this implementation was interrupted by the COVID-19 (coronavirus) pandemic.

Leaders have identified the concepts they want pupils to learn in each subject. The curriculum has been organised to ensure pupils secure their understanding by revisiting important ideas. For example, in mathematics, older pupils tackle complex calculations because they have practised and understood simpler methods. Similarly, in physical education (PE), pupils can pass the ball accurately because they have practised different types of passes.

Pupils in Years 5 and 6 did not benefit from learning the current curriculum earlier in their time at Robert Browning. Leaders recognise this and have identified the potential gaps pupils might have. For example, younger pupils can talk confidently

about the geography of the United Kingdom using compass points and vocabulary accurately. Older pupils' knowledge is not as secure. For example, they find it harder to describe the Saxon invasion of Britain because they have less understanding about the geography of the United Kingdom. On occasion, teaching in Years 5 and 6 does not take account of these gaps and moves on to new ideas too quickly.

Teachers provide appropriate support to pupils with special educational needs and/or disabilities. The curriculum is adapted effectively to meet their needs and, as a result, they access a broad curriculum and achieve well. In the early years, staff identify emerging needs quickly and the curriculum is adapted to meet these needs. For example, children have more opportunity to practise their spoken language in different activities.

Children in the early years are settled and engage happily with their learning. They persevere and share resources. The curriculum is well planned and gives children opportunity to practise what they learn. For example, in mathematics, children practise naming different shapes. This allows them to describe shapes using different vocabulary.

Almost all the pupils and parents who completed Ofsted's surveys agreed that behaviour and bullying are well managed. Pupils usually behave well in the classroom and move around the building calmly. On occasion, some pupils become boisterous at the end of lessons or when lining up in the playground. Leaders have effective systems and initiatives for checking and celebrating good attendance and punctuality.

The curriculum has been designed to help pupils learn about diversity. For example, pupils spoke knowledgably about authors, scientists and sports people from different backgrounds.

In normal times, a broad range of extra-curricular activities are provided. These are about to resume. During the pandemic, leaders have ensured families have been informed of local events that pupils would benefit from attending.

Staff talk positively about working at the school and value the support offered by working with different schools. Leaders have developed an effective staff team through providing professional development and managing workload well.

Safeguarding

The arrangements for safeguarding are effective.

Staff know and understand how to keep pupils safe. Leaders have trained staff well and have developed clear systems for raising and reporting concerns. Pupils and their families receive the support they need from the school and other agencies.

Parents are confident that their children are kept safe at school. Pupils understand how to stay safe. They can identify ways the school keeps themselves safe and how

they should stay safe when online. The curriculum has been designed to help pupils understand and manage risks. For example, older pupils work with 'Chance UK' to understand the risks of gang affiliation.

What does the school need to do to improve?

(Information for the school and appropriate authority)

- Leaders have designed an ambitious curriculum that identifies the important concepts pupils should learn. The curriculum is organised to ensure pupils revisit these concepts. Pupils typically achieve well in reading and mathematics across the school and across other subjects in key stage 1. However, pupils in Years 5 and 6 have not benefited as much from this curriculum. Teachers do not always take account of gaps in these pupils' prior learning before moving on to new work. Regularly checking on Year 5 and 6 pupils' knowledge and necessary adaptations to teaching will enable these pupils to benefit from the new curriculum as much as pupils in younger year groups.

How can I feed back my views?

You can use [Ofsted Parent View](#) to give Ofsted your opinion on your child's school, or to find out what other parents and carers think. We use information from Ofsted Parent View when deciding which schools to inspect, when to inspect them and as part of their inspection.

The Department for Education has further [guidance](#) on how to complain about a school.

If you are the school and you are not happy with the inspection or the report, you can [complain to Ofsted](#).

Further information

You can search for [published performance information](#) about the school.

In the report, '[disadvantaged pupils](#)' refers to those pupils who attract government pupil premium funding: pupils claiming free school meals at any point in the last six years and pupils in care or who left care through adoption or another formal route.

School details

Unique reference number	100809
Local authority	Southwark
Inspection number	10200569
Type of school	Primary
School category	Maintained
Age range of pupils	3 to 11
Gender of pupils	Mixed
Number of pupils on the school roll	195
Appropriate authority	The governing body
Chair of governing body	Katie Garman
Executive Headteacher	Kate Wooder
Headteacher	Sarah Manley
Website	www.thebridgesfederation.org.uk
Date of previous inspection	15 and 16 November 2017, under section 5 of the Education Act 2005

Information about this school

- Robert Browning is an average-sized primary school.
- There is a well above average proportion of pupils who speak English as an additional language. Pupils come from a variety of ethnic backgrounds and speak a range of languages.
- The school runs a breakfast and after-school club.
- The school uses an off-site behaviour support provision operated by the local authority.
- Since the previous inspection, there have been changes to the leadership of the school. The current headteacher was appointed in September 2018 and an additional deputy headteacher was appointed in September 2019. The current chair of the governing body was appointed in November 2019.
- In September 2018, the school joined The Bridges Federation and moved to a hard federation in November 2019.
- During the inspection, approximately half of the pupils in Year 6 were attending an off-site residential visit.

Information about this inspection

The inspector(s) carried out this inspection under section 5 of the Education Act 2005.

- Inspectors completed deep dives in these subjects: reading, mathematics, geography and PE. To do this, they met with subject leaders, had discussions with staff and pupils, visited lessons and looked at pupils' work. Inspectors also considered leaders' plans for history and religious education.
- Inspectors scrutinised a range of documents, including leaders' priorities for improvement.
- Inspectors met with four governors, including the chair and vice-chair of the governing body. They also spoke with a representative from the local authority.
- Inspectors reviewed the arrangements for safeguarding by scrutinising records and through discussions with staff and pupils.
- The views of pupils, parents and staff, as gathered through discussions and Ofsted's surveys, were considered.
- Inspectors also visited the off-site behaviour support provision used by the school.

Inspection team

Nick Turvey, lead inspector

Her Majesty's Inspector

Chris Birtles

Ofsted Inspector

The Office for Standards in Education, Children's Services and Skills (Ofsted) regulates and inspects to achieve excellence in the care of children and young people, and in education and skills for learners of all ages. It regulates and inspects childcare and children's social care, and inspects the Children and Family Court Advisory and Support Service (Cafcass), schools, colleges, initial teacher training, further education and skills, adult and community learning, and education and training in prisons and other secure establishments. It assesses council children's services, and inspects services for children looked after, safeguarding and child protection.
