

Compliance action taken for childcare provision

Ref: EY476392/4847030

Date: 23 November 2021

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 17 November 2021, we carried out a regulatory telephone call to the provider. We found that the provider had failed to notify Ofsted of significant events, which is a requirement of their registration. We issued the provider with a notice to improve. This required the provider to take the action below within the timescale set out. The provider will be able to give parents further information about this.

Action needed by 24 November 2021:

- gain a secure knowledge of the notifications that must be made to Ofsted.

The provider subsequently took the appropriate action. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
