

Compliance action taken for childcare provision

Ref: 139018/4835365

Date: 13 December 2021

Summary of outcome

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 9 July 2021, the provider notified us of a safeguarding concern. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider or any person who cares for, or is in regular contact with, children on the premises to look after children.

On 20 September 2021, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 29 October 2021:

- improve knowledge and understanding of child protection so that swift action is taken should a concern about a child arise
- ensure children are adequately supervised during daily routines and always within sight and hearing.

We monitored the provider's response to ensure actions were successfully completed. We found that the provider has taken action to improve their knowledge and understanding of child protection procedures and now fully understands their responsibilities. The provider has also reviewed risk assessments to ensure children are always within sight and/or hearing during daily routines.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply

with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
