

## **Compliance action taken for childcare provision**

Ref: EY461331/4977734

Date: 22 December 2021

### **Summary of outcome**

On 9th December 2021, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be inadequate. The inspection report sets out the actions the provider was required to take to meet the requirements.

On 21st December, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions raised at their last inspection.

On 21st December 2021, the provider responded to the actions set. We found that the provider had taken steps to improve staff's knowledge and understanding of child protection procedures, including the procedures for the storage of staff's personal mobile phones. The provider has ensured that staff who transport children are adequately insured and have the appropriate qualifications, such as paediatric first aid. We found that the provider had ensured every child had a key person and that person was competent to meet children's individual care needs effectively. In addition, the provider had ensured that staff know children's dietary requirements and their individual feeding routines. We found that the provider has taken steps to ensure children's health is promoted and their bottles are safely stored. We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
