

## **Complaint about childcare provision**

Ref: 2557637/4976167

Date: 22 December 2021

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 30 November 2021 and 09 December 2021, we received concerns that the provider was not meeting some of these requirements.

On 21 December 2021, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. Following a serious incident at the setting the provider has reviewed their risk assessments and implemented some additional measures to keep children safe when they are being collected from school. We also found that the provider had failed to notify Ofsted of a significant event, which is a requirement of their registration. The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.
