

Compliance action taken for childcare provision

Ref: 113015/4976928

Date: 17 January 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 1 December 2021, we received concerns that the provider was not meeting some of these requirements.

On 5 January 2022, we carried out a regulatory telephone call and found that the provider had failed to notify Ofsted of a significant event. This is a requirement of their registration. The provider has since taken action to put this right, by writing and notifying Ofsted of these events.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be
