

## **Compliance action taken for childcare provision**

Ref: EY286935/4979194

Date: 14 December 2021

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 02 December 2021, the provider notified us that a child had been left outdoors, unsupervised, for a significant length of time. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event. On 06 December 2021, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have served a Welfare Requirements Notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed by 17 December 2021:

- ensure that all necessary steps are taken to keep children safe and well.
- ensure that all staff have the appropriate training, skills, knowledge and a clear understanding of their roles and responsibilities.
- ensure that the supervision of staff is effective and supports staff in their roles to promote the interests of children in a safe and secure environment.
- ensure that a paediatric first aider is able to respond to emergencies quickly.
- ensure that staffing arrangements meet the needs of all children and ensure their safety.
- take all reasonable steps to ensure children are not exposed to risks and staff are able to demonstrate how they are managing risks.
- 

We will monitor the provider's response to ensure the actions are successfully completed.

A monitoring visit was completed on 20 December 2021. We found that the provider had taken suitable steps to meet the actions as detailed above.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
