

Compliance action taken for childcare provision

Ref: 309381/5006333

Date: 31 December 2021

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 30 December 2021, the provider notified us that they had no members of staff who hold a current paediatric first aid certificate. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event which is likely to affect the suitability of the early years provider.

We carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We issued an action for the provider to take. The provider will be able to give parents further information about this.

Action needed by 28 January 2022.

- ensure at least one person who has a current paediatric first aid (PFA) certificate must be on the premises and available at all times when children are present and must accompany children on outings. The PFA must be relevant for workers caring for young children and where relevant, babies.

On 19 January 2022, the provider responded to the action set. We found that the provider had ensured that a staff member completed appropriate paediatric first aid training. The provider resigned their registration with Ofsted before all enquiries could be concluded. The provider is no longer registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
