

Compliance action taken for childcare provision

Ref: EY396791/5039119

Date: 25 January 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2.

If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 19 January 2022, we received concerns that the provider was not meeting some of these requirements.

On 24 January 2022, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We have issued an action for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 7 February 2022:

- increase knowledge and understanding of when to notify Ofsted with particular regard to notifying of any significant event which is likely to affect the suitability of any person who is in regular contact with children.

We are satisfied the provider has met the safeguarding and welfare actions raised.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
