

## **Compliance action taken for childcare provision**

Ref: 121395/5026418

Date: 9 February 2022

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 12 January 2022, we received concerns that the provider was not meeting some of these requirements. On 3 February 2022, we carried out a regulatory telephone call. We found that the provider had failed to notify Ofsted of significant changes and events, including details of all adults living in the household, which is a requirement of their registration. We have issued actions for the provider to take. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed by 11 February 2022:

- gain a secure knowledge of the notifications that must be made to Ofsted
  
- provide Ofsted with the required information to determine the suitability of all people living in the household aged over 16.

We will monitor the provider's response to ensure the actions are successfully completed.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
