

Compliance action taken for childcare provision

Ref: EY443434/5063600

Date: 21 February 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 28 January 2022, the provider notified us that a 10-year-old child was able to leave the setting un-supervised and that allegations had been made about how a member of staff handled a child's behaviour. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 1 February 2022 and 17 February 2022, we carried out regulatory telephone calls to the provider. We found the provider was not meeting some of the requirements and had taken action to put this right.

We found that the provider had taken steps to secure the premises, particularly the outer gate so that no child can leave un-supervised.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services

we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
