

## **Compliance action taken for childcare provision**

Ref: 2580617/4939942

Date: 4 February 2022

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 29 October 2021, we received information from other agencies that indicated the provider was not meeting some of these requirements.

On 3 February 2022, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We have issued an action for the provider to take. The provider will be able to give parents further information about this. We also found the provider was not clear of all the events and changes that should be notified to Ofsted, which is a requirement of their registration. Furthermore, she had not ensured that household members and assistants understand the requirement to inform her of any changes that might affect their suitability.

Action needed by 18 March 2022:

- obtain a full and relevant paediatric first-aid certificate.

On 28 February 2022, the provider responded to the action set. She has completed a relevant first-aid course and now holds a valid certificate. The provider understands what events and changes should be notified to Ofsted and the requirement to ensure she is made aware of any changes or circumstances that might effect the suitability of household members and assistants.

We are satisfied the provider has met the safeguarding and welfare action raised. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply

with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
