

Complaint about childcare provision

Ref: EY315827/4999533

Date: 1 March 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 17 December 2022 we received concerns that this provider was not meeting some of these requirements.

On 22 February 2022, we carried out a regulatory telephone call. We found that the provider had failed to notify us of a significant event that may impact on the suitability of a person working on the premises. This is a requirement of registration. We took no further action as the provider is now clear on this requirement should they need to notify Ofsted in the future. The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints on our website for a period of five years.

For further information about the complaints process please view the [Concerns and complaints about childminders and childcare providers leaflet](#).
