

## **Compliance action taken for childcare provision**

Ref: EY272469/5080927

Date: 28 February 2022

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 7 February 2022, the provider notified us of an incident where a child had sustained an injury at the setting. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 25 February 2022, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take.

The provider will be able to give parents further information about this.

Actions needed by 7 March 2022:

- ensure that written records of any accidents or injuries are recorded accurately and include sufficient detail
- improve risk assessment procedures to identify and minimise risks to ensure that all areas of the premises and equipment are safe for children
- ensure children are always supervised appropriately, to keep them free from harm.

On 4 March 2022, the provider responded to the actions set. We found that the provider has improved their knowledge and understanding of risk assessment procedures. They now know how to complete written records of any accidents or injuries accurately and understand their responsibilities to ensure children are supervised appropriately.

We are satisfied the provider has met the safeguarding and welfare actions raised.

The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
