

## **Complaint about childcare provision**

Ref: 2506054/5094677

Date: 10 March 2022

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 17 February 2022, we received concerns that the provider was not meeting some of these requirements. On 22 February 2022 asked the provider to complete a provider led investigation regarding the concerns.

On the 10 March 2022, we carried out a regulatory telephone call. We found the provider was not meeting some of these requirements and had taken action to put this right. The provider has reviewed the risk assessment to ensure that all reasonable steps are taken to prevent children from being exposed to risks that may compromise their safety. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

### **Publication of complaints**

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints on our website for a period of five years.

For further information about the complaints process please view the [Concerns and complaints about childminders and childcare providers leaflet](#).
