

## **Compliance action taken for childcare provision**

Ref: EY492661/5070975

Date: 23 February 2022

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 1 February 2022, the provider notified us of an incident where a child had sustained an injury following an accident at the setting on 31 January 2022. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 10 February 2022 we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We have issued an action for the provider to take. The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Action needed by 25 February 2022

- use effective risk assessments to ensure all equipment is safe and suitable for children.

On 20 February 2022, the provider responded to the action set. We found that the provider had completed risk assessments on all equipment used by children and any unsuitable or broken equipment has been removed.

We are satisfied the provider has met the safeguarding and welfare action raised. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
