

Compliance action taken for childcare provision

Ref: EY419807/4994273

Date: 24 March 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 7 February 2022, we carried out an inspection and found the provider was not meeting some of these requirements.

The overall effectiveness of the provision was judged to be inadequate. The inspection report sets out the actions the provider was required to take to meet the requirements.

on 17 March 2022, we carried out a regulatory telephone call. The focus of the call was to check whether the provider had met the safeguarding and welfare actions, raised at their last inspection. We found that the provider had improved their knowledge and understanding of notifications that need to be made to Ofsted, and had taken action to ensure there is a named deputy at all times. We found that the provider had put in place effective systems to support, coach and train staff. As a result, staff now understand and implement safeguarding policies, know what can affect their ongoing suitability and fully understand their own roles and responsibilities. We found that staff received appropriate training and know how to manage children's behaviour in an appropriate way, which is also monitored by the management team.

We are satisfied the provider has met the safeguarding and welfare actions raised.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
