

Compliance action taken for childcare provision

Ref: EY385656/5075574

Date: 28 March 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 2 February 2022, we carried out an inspection and found that the childminder was not meeting some of these requirements.

Following the inspection, we served a welfare requirements notice on 8 February 2022. This is a legal notice that requires the childminder to take the actions below within the timescales set out. The childminder will be able to give parents further information about this.

Actions needed by 25 February 2022:

ensure Ofsted are provided with the necessary information for all household members to enable suitability checks to be carried out

ensure children are usually within sight and hearing and always within sight or hearing

attend a child protection training course that will enable you to identify, understand and respond appropriately to signs of possible abuse and neglect

gain a secure knowledge and understanding of the procedures to follow to safeguard children in the event of an allegation being made against yourself or a member of the household

maintain a daily record of the names of the children being cared and their hours of attendance.

We have been unable to monitor compliance as the childminder resigned their registration. The childminder is no longer registered with Ofsted.
