

Compliance action taken for childcare provision

Ref: 2626274/4886526

Date: 2 February 2022

Summary of outcome

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 7 September 2021 we received concerns that this provider was not meeting some of these requirements. The provider will be able to give parents further information about this.

We took steps to cancel the provider's registration. On 9 December 2021, the provider objected to us taking this step. Having reviewed the provider's reasons for objecting to this step we proceeded with steps to cancel the provider's registration. On 13 January 2022, the provider appealed to an independent external tribunal, the Health, Education and Social Care First-tier Tribunal. On 2 April 2022, the provider withdrew the appeal to the Health, Education and Social Care First-tier Tribunal. The provider's registration is cancelled.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
