

## **Compliance action taken for childcare provision**

Ref: EY562586/5118105

Date: 5 May 2022

### **Summary of outcome**

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

'All early years providers must meet the legal requirements in the 'Statutory framework for the early year's foundation stage', which you can find at <https://www.gov.uk/government/publications/early-years-foundation-stage-framework> If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 22nd March 2022, the provider notified us of a significant event. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage.

On 26th April 2022, we carried out a telephone regulatory event to discuss the notification. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider had reviewed and improved procedures for supervision of children when moving around the setting.

The provider remains registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to

bring about compliance with requirements on our website for a period of five years.
