

Compliance action taken for childcare provision

Ref: EY472435/5116353

Date: 9 May 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 14 March 2022, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be inadequate. The inspection report sets out the actions the provider was required to take to meet the requirements.

On 27 April 2022, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions raised at their last inspection.

The provider has taken action to remove and/or reduce risks to children's safety. They have taken action to ensure that younger children have room to move freely and access resources more easily. Staff now have a secure understanding of how to assess and manage risk. They know the action to take if they believe the provider is not taking action to keep children safe.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.
