

Complaint about childcare provision

Ref: EY435514/5146876

Date: 23 May 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 29 Apr 2022, we received concerns that the provider was not meeting some of these requirements. On 3 and 23 May 2022, we carried out regulatory telephone calls. We found that the provider had failed to notify Ofsted of a significant event, which is a requirement of their registration. We also found that the provider was not meeting some of the requirements and had taken action to put this right. The provider has reviewed the risk assessment for the outdoor environment. She has also reviewed staff deployment at routine times of the day. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints on our website for a period of five years.

For further information about the complaints process please view the [Concerns and complaints about childminders and childcare providers leaflet](#).
