

Compliance action taken for childcare provision

Ref: EY338950/5113548

Date: 31 May 2022

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 15 March 2022, the provider notified us that a breach of staff: child ratio requirements had occurred, specifically relating to supervision of children. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of serious incidents.

On 7 April 2022, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider had thoroughly investigated the incident and applied their own internal processes where appropriate to do so. They had reviewed and improved the security of the premises. They had held a staff meeting to discuss the incident. They had also ensured all staff received refresher training relating to keeping children safe.

We are satisfied with the action the provider had taken and are suitably reassured this will prevent future reoccurrence. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
