

Complaint about childcare provision

Ref: EY537015/5157562

Date: 1 June 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 11 May 2022, we received concerns that the provider was not meeting some of these requirements.

On 12 May 2022 we had a discussion with the provider and on 31 May 2022, we carried out a regulatory telephone call. We found that the provider had failed to notify Ofsted of a significant event, which is a requirement of their registration. We also found the provider was not meeting some of the requirements and had taken action to put this right. The provider identified that some staff had not followed the setting's correct procedures during some transition periods. The provider took steps to ensure that all staff refreshed their knowledge about the correct policies and procedures to follow. In addition, they revised the transition arrangements.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.
