

Compliance action taken for childcare provision

Ref: EY535733/5176784

Date: 15 June 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 7 June 2022, we received concerns that the provider was not meeting some of these requirements.

On 8 June 2022, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We have served a welfare requirement notice. This is a legal notice that requires the provider to take the actions below within the timescales set out.

Actions needed by 13 June 2022:

- ensure all staff, including the provider and senior managers improve their understanding of the settings safeguarding policy and procedures, in line with the guidance and procedures of the relevant Local Safeguarding Children Board
- ensure any safeguarding concerns are referred to agencies with statutory responsibilities without delay, in particular the local area safeguarding designated officer
- ensure children's behaviour is managed positively and in an appropriate way
- improve your knowledge of significant events that must be notified to Ofsted.

The provider has responded appropriately to the actions. She has told Ofsted that all staff including herself are undertaking further training to improve their knowledge and skills. We will continue to monitor the impact of staff training to assess that actions have been successfully completed.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
