

Compliance action taken for childcare provision

Ref: EY474512/5182860

Date: 21 June 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at

www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 13 June 2022 the provider notified us of a significant incident. This notification means the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event.

On 21 June 2022, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right.

The provider has improved the procedures to meet the needs of young children and ensure their safety. The provider has also retrained staff to update their knowledge and understanding and enable them to implement the new procedures. The provider has revised risk assessments and reviewed their arrangements for supervising children, including improving how staff are deployed.

The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be
