

Compliance action taken for childcare provision

Ref: EY405834/5177432

Date: 27 June 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 6 June 2022, we carried out an inspection and found the provider was not meeting some of these requirements.

The report and inspection outcome will be published in due course. Following the inspection, we served a welfare requirements notice on 13 June 2022. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 22/06/2022:

- train all staff to understand the safeguarding policy including what to do if they are concerned about other members of staff and 'Prevent' duty
- ensure mobile phones are used in line with the nursery mobile phone policy
- ensure staffing arrangements and deployment of staff meet the needs of all children and assures their safety
- ensure information gathered about children on entry is used effectively to tailor care and learning to their individual needs
- ensure the performance management programme helps staff to improve the quality of their interactions with the children.

We carried out a monitoring visit on 24 June 2022 to assess the provider's progress to meet the actions issued. We are satisfied that the provider demonstrated the ability to progress towards the actions. The provider remains registered with Ofsted.
