## Summary of key findings

### This provision meets requirements

- The provider understands the importance of the safe transition of children from school to the club. For example, staff share additional information that may support the children who attend.
- The provider demonstrates a good knowledge of how to promote healthy lifestyles. For instance, staff understand the importance of regular access to outdoors and opportunities for physical exercise. They recognise the need to promote healthy eating practices, providing a healthy range of snacks and supporting children in learning about portion size.
- The provider recognises how to support children's behaviour and their developing respect for each other. For example, staff are familiar with the 'Buddy' system to build children's self-esteem, confidence, and awareness of others.
- The provider is aware of the importance of supporting inclusivity and developing children's understanding of diversity. For example, they describe activities in the past to celebrate different national days and cultural celebrations. They have also celebrated differences and similarities within their community.
- The provider knows the importance of building strong relationships with parents and providing a key-person system to support the needs of all children. They describe information sharing, such as emails and noticeboards and ways to support children consistently.
- Staff receive regular supervision and support from managers, providing feedback and identifying areas for improvement. Staff have regular access to training to support their continued professional development.
- The provider makes sure robust recruitment procedures are in place, ensuring the ongoing suitability of staff. They make sure that staff have the required qualifications, skills and a clear understanding of their roles and responsibilities. The provider conducts thorough risk assessments to ensure the continued safety of the children.

There were no children in the early years age range present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no early years children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

## Inspection activities

- This was the first routine inspection the provider received since the COVID-19 pandemic began. The inspector discussed the impact of the pandemic with the provider and has taken that into account in their evaluation of the provider.
- The inspector viewed the provision and discussed the safety and suitability of the premises.
- The inspector looked at relevant documentation and reviewed evidence of the suitability of staff working in the nursery.
- The inspector talked to staff during the inspection to establish their understanding of how to safeguard children.

We carried out this inspection under sections 49 and 50 of the Childcare Act 2006 on the quality and standards of provision that is registered on the Early Years Register. The registered person must ensure that this provision complies with the statutory framework for children's learning, development and care, known as the early years foundation stage.
