

## **Compliance action taken for childcare provision**

Ref: 2600029/5175182

Date: 1 July 2022

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 1 June 2022, the provider notified us of an unexplained injury to a child in the setting. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant incident.

On 29 June 2022, we viewed records supplied by the provider and we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 11 July 2022:

- ensure all staff can identify signs of possible abuse and neglect at the earliest opportunity and understand the procedures to follow in the event of safeguarding concern about a child
- ensure staff, and in particular the designated safeguarding lead, understand the roles of safeguarding partners to help them follow procedures to manage allegations of abuse, swiftly and effectively
- ensure that staff understand and implement the nursery's procedures for responding to accidents and injuries, and keep an accurate written record of the accident, injury and first aid treatment given
- ensure that children are adequately supervised at all times.

We will monitor the provider's response to ensure the actions are successfully completed. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
