

Compliance action taken for childcare provision

Ref: EY306793/5130875

Date: 4 July 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 6 and 7 April 2022, the provider notified us of allegations made against members of staff. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any allegation of serious harm or abuse by any person living, working or looking after children on the premises.

On 20 June 2022, we carried out a regulatory telephone call. We found the provider had appropriately managed the most recent allegations. However, we found that the provider had failed to take correct action previously when concerns had been raised about staff. The provider has since followed the correct procedure and is aware of the correct action to take.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
