

Compliance action taken for childcare provision

Ref: 220266/5152957

Date: 5 July 2022

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 30 March 2022 and the 5 May 2022 the provider notified us of two separate events that indicated some of these requirements might not be being met. These notifications mean that the provider met their legal responsibility as set out in the early years foundation stage.

We found that the provider had not been meeting the following requirement at the time of the earlier incident:

ensure that all staff receive training to ensure they understand their roles and responsibilities.

However, the provider had taken action to meet this requirement and at the time of Ofsted's involvement this requirement was being met in full.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be

found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
